

Precision Horizontal Manual Turning Lathe Machine Price Fanuc Machine Price List

Our Product Introduction

for more products please visit us on lathemach.com

Basic Information

- Place of Origin: China
- Brand Name: BAISHUN
- Certification: ISO
- Model Number: CW6180B
- Minimum Order Quantity: 1 Set
- Price: Negotiation
- Packaging Details: Export standard wooden case package or Negotiation with customers
- Delivery Time: 45 working days
- Payment Terms: T/T, L/C, Western Union
- Supply Ability: 20 Set/Sets per Month

Product Specification

- Product Name: Horizontal Cutting Metal Heavy Duty Lathe Cw6180*1000 Promotional Lathe Machine
- Type: CW6180b
- Style: Horizontal
- Max.Swing Over Bed: 800mm
- Range Of Spindle Speed(r.p.m): 4.8 - 640 R.p.m
- Spindle Hole Diameter: 105mm
- Guide Rail Width: 600mm
- Spindle Motor Power(kW): 11kw
- Highlight: Horizontal Manual Turning Lathe Machine, Manual Turning Lathe Machine Price

Product Description

Precision Horizontal Manual Turning Lathe Machine Price Fanuc Machine Price List

Product Introduction:

The heavy-duty horizontal lathe machine is designed using internationally advanced methods and manufacturing technology, adhering to the latest national precision standards. It integrates electrical, automatic control, hydraulic control, and modern mechanical designs from multiple disciplines and categories of precision manufacturing technology.

The CW6150, CW6163, CW6180, CW61100, CW61125, and CW61160 heavy-duty lathes are suitable for turning or machining cast iron and steel workpieces as well as medium to large non-ferrous metal parts. They can perform external cylindrical surface turning, internal hole and end face turning, and various internal and external metric, inch, module, and diametrical pitch threads. The top slide can be used independently for turning of short tapers. These lathes boast high power, high rigidity, and a wide range of rotating speeds, making them ideal for high-speed and strong force turning operations.

CW6180B/CW6280B Series Lathe Machine(2.5 tons load capacity):

Swing over bed: 800mm;

Swing over cross slide: 480mm;

Processing length: it's up to customer's requirements;

Bed width: 600mm;

Load capacity: 2.5 tons;

Spindle bore: 105mm [Optional 130mm];

Main motor power: 11kw.

Our Services

We can provide 7x24-hour online pre-sale service, engineer follow-up order service, and logistics delivery operation service. And also we can provide installation services. In addition, with more than 10 years experience of various markets, we can help customers successfully complete a series of services from purchasing to goods Customs clearance, thereby saving times and also reducing customers' costs in all aspects.

Our advantage:

- 1: With CE, ISO certification.
- 2: Full production tracking.
- 3: Professional engineers can guarantee the highest quality.
- 4: More suppliers as alternatives, guarantee your lowest and competitive price.
- 5: Sales staff with more than 10 years experience, will answer your pre-sales and after-sales questions.
- 6: OEM production is available, to meet customer needs
- 7: Low MOQ (1 unit) is available.
- 8: 24 hours technical support.

Warranty period:

During warranty period (one year), if you have any parts broken because of quality problem, we will supply to you free of charge by express.

Out of warranty period, if you have any question, you can contact us, we will supply our best service to you as usual.

1. Technical support online service provided.
2. Technical files service provided.
3. Machine operation video provided.
4. On-site training service provided.
5. Spare parts replacement and repair service provided.
6. All of the questions will be replied within 24 hours.

We are a direct-sale lathe machine manufacturer, not a trading company, which means we can offer you the best prices.
